

Council Chambers Renovation Phase 2

Project fast facts

Site: City Hall, 90 W. Broad St., Columbus, Ohio

Project will include custom woodwork, wood flooring, electrical work, and low voltage wiring. Final construction cleaning will be required.

Timeline: Project to bid December/January to allow for material ordering and off-site fabrication. On-site construction will start August 1, 2023 and be complete August 31, 2023.

MBE/ WBE participation TBD for construction

Council Chambers Renovation Phase 2 Project Scope:

Project will add two additional council member desks, reconfigure the desk layout and install new electrical/network access needs for all the desks. Desk will be custom made to match the existing desks. Wood flooring is to be patched as needed and refinished. Five existing cameras and 2 light fixtures will be replaced with new. New fiber runs from council chambers to the CTV control room need to be installed. The entire room will need to be thoroughly cleaned at the end of the project.
